Policy Statement

Intent
The credit card policy provides the principles governing the use of UNSW credit cards by credit Card Holders and credit Card Supervisors.

Scope
This policy applies to all UNSW staff

Policy Provisions

1. BACKGROUND

UNSW credit cards are intended to provide an efficient method of purchasing travel, accommodation and low value (purchases below $3,000) goods and services where no preferred supplier agreement (UNSW Preferred Suppliers) is in place for UNSW business purposes.

This policy is supported by the UNSW Credit Card Procedure which is intended to ensure a clear and consistent understanding and implementation of this policy. Using a credit card is a means to engage in a procurement activity. UNSW’s Procurement Policy and Procedures therefore apply and all Card Holders and Card Supervisors must be aware of the Procurement Policy.

Employees to whom UNSW issues a corporate card are placed in a position of trust. Intentional misuse of UNSW credit cards represents a breach of trust, and any misuse, whether intentional or otherwise, may expose the University to significant risk, including the risk of regulatory investigation and damage to reputation. Intentional misuse may also lead to disciplinary action.

2. POLICY SCOPE

This policy applies to all UNSW credit Card Holders and credit Card Supervisors.

3. FUNDAMENTAL REQUIREMENTS

All UNSW staff members issued with a credit card must use their credit card based on the following guiding principles:

- All transactions on the card must be for a legitimate University purpose. Use of the card must satisfy UNSW’s core procurement principles of probity and equity, risk management, value for money and fit for purpose. The expenditure must be reasonable and publicly defensible.

- Credit cards will be issued in accordance with Financial Delegations and credit limits will be set to minimise risk to the University without constraining staff in effectively undertaking their roles.

- For all transactions, original receipts or tax invoices must be obtained, at the time of the transaction (including for Paywave (contactless) transactions). Cardholders must comply with all other UNSW requirements with respect to statement reconciliation (and otherwise) which are notified to them from time to time.

- Personal expenditure must not be charged to the credit card, even if it is intended to subsequently repay the expenditure.

- Credit cards must be kept secure and under no circumstances should cards or PINs (Personal Identity Numbers) be shared with third parties, including UNSW staff.
• Purchases must not be split into smaller transactions (or over multiple credit cards) to circumvent expenditure or transaction limits.

• All credit card statements must be reconciled within one month after statement date.

• All credit card expenditure must be approved within one month after statement date.

• Failure to use the credit card in accordance with this Policy and the UNSW Credit Card Procedure will result in revocation, possible disciplinary action and a possible requirement for repayment by the employee. In circumstances of intentional non-compliance, both HR and Internal Audit will be informed.

• Fraudulent or other intentional misuse of the credit card will be reported by UNSW to the police and may also be reported to the Independent Commission Against Corruption.

4 ROLES AND RESPONSIBILITIES

The Director of Finance has overall responsibility for the implementation and review of the Credit Card Procedure and communication of the Procedure to credit Card Holders and Supervisors.

The Director of Finance will ensure that appropriate accounting procedures are in place to support the UNSW Credit Card Procedure, and are communicated to University credit Card Holders and credit Card Supervisors.

Finance Shared Services will monitor credit card expenditure and enable reporting for Faculties and Divisions. Periodic audits may be conducted into compliance with the Credit Card Procedure by Internal Audit.
